- Rolling country views alongside beautiful annual and perennial gardens. We love flowers and try to add something new every year to the gardens and planters. The Sunflower fields are available from Mid/late August to Mid/late September and can fluctuate from year to year based on the season. The Sunflower fields rotate location depending on the year. There are also large patches of wildflowers on the property that bloom throughout the season.

- Cows grazing close in the nearby fields. They live on the farm next door so are not guaranteed to be here all day but are often here for water.
- Two beautiful water features to add ambiance to the gardens and ceremony site.
- Privacy up on the hill. Our property is set on 18 acres and has woods surrounding the east side along with patched of woods to the west and north for a private feeling.
- White folding chairs for outdoor ceremony seating only. There are nicer indoor chairs for the reception shed. Multiple options to set the direction of ceremony outside in the gardens.

You are allowed to bring in any caterer of your choice, however, they need to be a licensed caterer. If you bring in a caterer from MN, that particular caterer would need to get a temporary WI permit through our local county so please just run all catering and other vendors by us so we can properly accommodate your needs and meet all WI and county rules and regulations.

As far as alcohol goes, we have a hosted bar meaning you have to supply the alcohol and have a licensed bartender serve it. All beer/wine/liquor needs to be served by a licensed bartender from our list and liquor bottles need to stay behind the bar. The bartender needs to be behind the bar until closing time. We can NOT SELL alcohol on our premises at this point in time. No underage drinking is permitted and if any foul play is suspected you will be subject to fines. **Liquor laws are changing in WI starting in 2026. Please ask for bar details when booking 2026 dates.**
